

## Christmas Decorations to enjoy all year round.

**INSTRUCTIONS:** Print onto paper. Cut off these instructions. Fold and crease along the horizontal dotted line first so that the decorations sit back-to-back. Carefully fold and crease along the vertical dotted lines to create a gate-fold  $\wedge\wedge$ . Using scissors, cut out around ball shape (grey line) and fold out. Thread string between the two halves and glue halves together. Hang everywhere and meditate.

For personal use only. © Greg Jackson 2006
